

The Federal Communications Commission

Dear The Federal Communications Commission,

I do not want to pay more for my telephone service! I have a low cost prepaid cell phone that I use only for emergencies. I may not be able to afford my low budget plan if you invoke this new way of changing for the Universal Service Fund. This prepaid plan is affordable and a way for me to stay in touch with my children for safety reasons.

My family is not a high volume user and it would be unfair to charge us a flat fee just as someone who makes many frivolous calls each month.

I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely,

Catherine Pickett
